

paksel
KİMYA SANAYİ ve TİCARET A.Ş.

CERTIFICATION

FDA NO: 3008098755

Paksel, among top 1000 Exporters of Turkey with exporting more than 85 countries.

Paksel Kimya was founded in 1991 at the heart of Turkish industry, Çerkezköy Organized Industrial Area with the purpose of producing and marketing of leading and quality hygienic products. Starting with producing Baby diapers comforting babies and parents all together, Paksel has expanded its product range to feminine hygiene products in 2004 and started using the know how and experience in baby diapers and applied it to the sanitary napkins. Never ceasing to invest in knowledge and technology, Paksel has once again expanded the range of products to incontinence products in 2007 dedicating with the most forward technology available to this day in the business.

We have 30 years of experience but latest technology in production. We are operating in a 30,000 m2 facility and have over 500 million unit capacity with the machinery installed the highest technology available today, Paksel can help you succeed even in the most competitive markets with its fundamental knowledge in the hygiene business. Paksel continues investing for its know how and manpower unceasingly since day on for giving the best service to its customers.

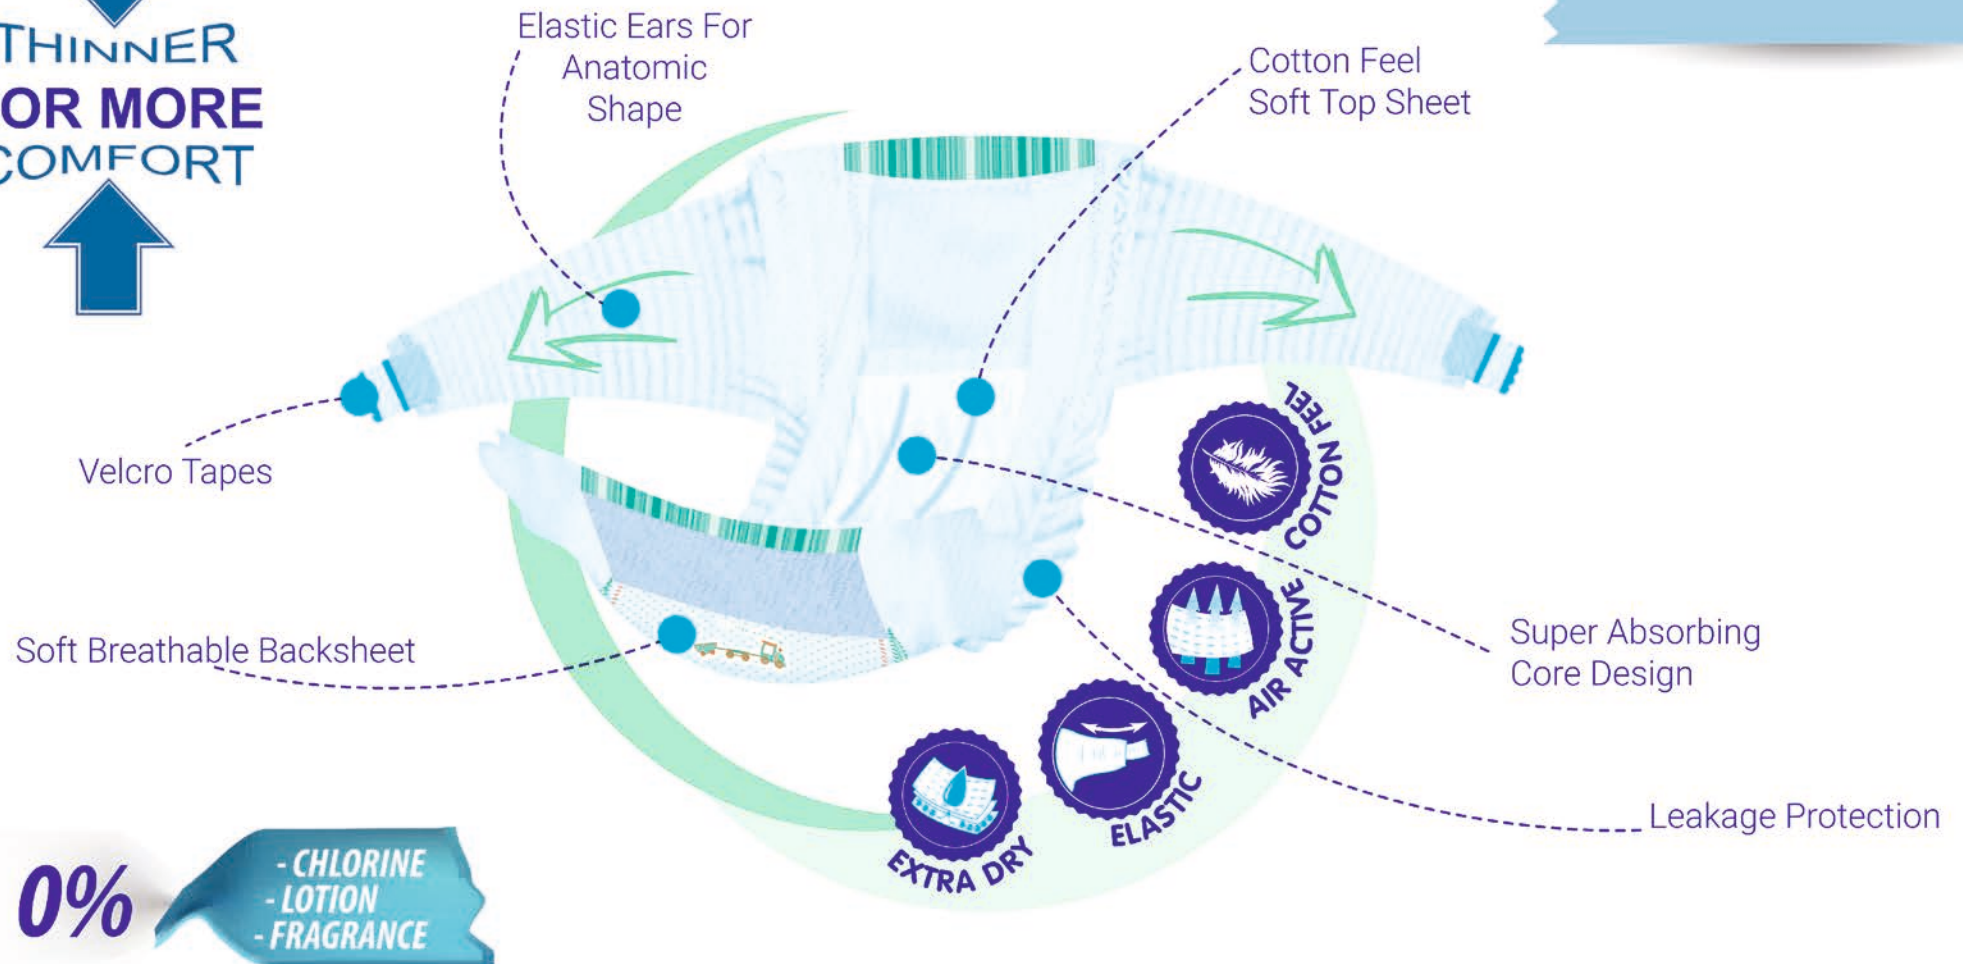

Apply our experience in hygiene to your competitive advantage.
